

## Semi-professionals / ES40

**Magister**  
Sistema Caffè

## Technical description

Automatic coffee machine.

- frame in stainless steel and painted bodywork
- tall-cup version
- Magister group head with thermosiphonic circulation
- vibration pump
- steam boiler pressure gauge
- electronic boiler temperature control, adjustable through the touch pad
- 1,2-lt boiler - 1.450W (115V 1.400W)
- motherboard with embedded temperature control and on/off function
- 5-key touch pad
- steam and hot water valves with stainless steel wands and nozzles
- 3-lt water tank with water level control
- LED indicators

Model	ES40
Version	1 GROUP
Dimensions mm.	250x430x350h
Boiler capacity	1.2 lt.
Power	1.450W (115V 1.400W)
Voltage	220/240V single phase, 115V single phase
Weight	18 kg
